Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

1000 x 3½ x 305 =

1,067,500

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful;; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

△Indicates telephone at this number.

"Right even)" after street description indicates even numbers on right side of street.

The symbol ◎ preceding a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

About City Directory Circulation

The true value of advertising circulation is ***circulation consulted.***

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful;; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

Bloomfield Chamber of Commerce

Organized to promote the Commercial, Industrial and Residential development of Bloomfield.

Bloomfield where real folks live and prosper, is an ideal location for home or business and has the lowest tax rate in the Metropolitan Area. For reliable information about Bloomfield's opportunities consult the CHAMBER OF COMMERCE.

By the passage of Chapter 384, Laws of 1948, The District Court of the Essex County Judicial District became The Essex County District Court.

All claims arising from motor vehicle accidents where the claim does not exceed $3,000.00.
The court has exclusive jurisdiction to hear and try suits between a landlord and the tenant. The court is also empowered by statute to sit as an appellate court on appeals emanating from the decisions of the Rent Control Agency and Appeal Board.
The Essex County District Court is located at 41 13th Avenue, Newark, New Jersey, in the Hall of Records. The court has a Presiding Judge and three associate judges.
The Presiding Judge, the administrative head of the court, is the Hon. Walter H. Conklin. The other judges are the Hon. F. D. Masucci, Hon. Joseph G. Lyons and Hon. Jacob S. Glickenhaus.
